

# PERSONAL ASSISTANT

## IMPROVE YOUR HEALTH CARE CHOICES

With P&A's mobile app, you can sign in with new touch ID technology using your fingerprint. Just turn the fingerprint scanner option on under your phone settings and register your fingerprint under your P&A account profile. Once activated, you can sign into your P&A account with the touch of your finger, or key in your username and password.

Wake-up notifications

get notified prior to your plan year end date to check your available account balance and spend any remaining funds
